## **We maintain public hospital nursing pay-rates within the term of our EB agreement**

With recognition of the value of our nursing staff to our organisation, we offered our nursing staff public hospital pay parity during our EB Collective agreement negotiations in October 2008. We have endeavoured to maintain that parity over the period of our next agreement as follows:

Queensland Health Public nursing wage increments	St Andrew's Toowoomba Hospital wage increments
4.5% 1 April 2009 (when their agreement renegotiated)	4.5% from 30 November 2009 (Previous agreement only finished 30 September 2009)
4% 1 April 2010	4% 1 August 2010
4% 1 April 2011	4% 1 April 2011
Agreement finishes April 2012	Agreement finishes 30 June 2012

- Extra week annual leave after specific amount of on call during year
- Excellent support for professional development and study support
